Our Commitment to Quality... and your Health.

The Gourmet Grill provides a unique concept in take-home food...Great tasting food that is good for you. That's what makes us The Healthy Alternative.

Light cuisine has become the cooking style of choice for people concerned about healthy eating. The Gourmet Grill has developed recipes that trim the unwanted fats from foods without trimming the taste. We take the time to prepare our food using methods recommended by nutritionists and the American Heart Association. We prepare all our food using only the freshest meats and vegetables. We never use flour or egg yolks in our recipes and we never, ever try our food. Our Chicken Lite™ for instance, is made by first removing all the skin from the chicken, lightly coating it using our special recipe, then it is grilled over an open flame for that great outdoor flavor. Our veal, turkey, and eggplant dishes are also grilled in this manner, so we add taste without adding calories. Our pasta is specially formulated to our standards with low fat Ricotta and Mozzarella and egg whites only.

When our recipes call for it we use only cheese that is part skim milk and 100% cholesterol free extra virgin olive oil so our food is low in unwanted fat and calories. You don't have to be a dietitian to realize that simple, everyday food, without added fats, preservatives or chemicals are generally preferable.

The Gourmet Grill is committed to offering you fresh cooked food with good nutrition and low calories. We provide a nutritional breakdown of calories, cholesterol, fat, and sodium on most items.

The Gourmet Grill is for the individual concerned with eating healthy and for those who want good tasting food. In other words it's for everyone.

This is one place where you can numb your lips with Chengdu dumplings (\$4.95) and Dan Dan noodles, both bathed in chili oil, then calm them down with crunchy fresh shrimp cloaked in a thick, lightly sweet citrus sauce (\$9.50). When we ordered, the waitress asked if we wanted our food spicy, and of course we said yes. When she saw that some of us didn't eat the appetizers, she told the kitchen, and later dishes were peppery but not killers.

We loved the cumin beef, deep fried and battered twists of meat that had the chewy texture of calamari and the hot, smoky fragrance of the Middle East (\$11.95). We devoured shredded duck with spring ginger (\$13.95), strips of tea smoked duck tossed with crisp threads of spring ginger and red and green peppers.

The Ma Po Tofu was the best ever, then tender cubes of bean curd and crumbled meat in a sauce that had a big smack of tangy flavor (\$8.25). My surprising favorites, though, were bright green pea shoots that were sautéed with garlic slices and moistened with Chicken stock (\$10.95).
